BACKPACK EDITION

TRUCK CAMPERS | BUILT BY PALOMINO RV

EDITION

SS 500

PALOMINO SOFT-SIDE **BACKPACK EDITION**

No matter the size of your truck, we have a soft-side truck camper perfect for you. Thanks to the Rieco Titan® electric lift you can easily set up your camper without hand-cranking the top up or down. And with the optional remote, it works with just a push of a button. Plus, our 55" one-piece door makes it that much easier to enter and exit the camper, compared to our competition's 46" or 47" door. The soft-side series comes in a white or grey laminated gel coat exterior.

PALOMINO HARD SIDE BACKPACK EDITION

Our lightweight, hard-side truck campers are packed with great features and keep a lighter payload, thanks to the fully aluminum welded frame. We've redesigned the interior to provide greater cabinet storage, and upgraded frameless windows. Our campers fit multiple truck sizes so check page 11 to find your favorite floorplan.

FURRIION SOLAR PREP STANDARD
 Allows you to charge your battery with solar panels (Optional)

GOING UP?

It's easy with Palomino's New Motorized Camper Lift System featuring Rieco-Titan's Electric Roof Lift System with optional key fob control.

Optional Key Fob

No more hand cranking!

1 **2** **3**

Our fiberglass front cap has a fully integrated windshield. Palomino RV partnered with the leaders in O.E. Automotive Windshield Manufacturing Guardian Industries as well as Dow Chemicals to create this Palomino Exclusive Feature. This automotive style windshield not only looks great rolling down the road, but also creates an open inviting environment in the Palomino Hard Side Max Cabover Bunks while you enjoy great panoramic views.

CHARGING PORT

Allows you to charge or maintain your on-board battery with ease from the exterior of your Palomino Camper.

BARRELED ROOF

Vacuum bonded radius roof with vaulted ceiling provides superior insulation and additional interior height

Above: The Hard Side Max comes with our exclusive Landing Pad bumper, which gives you more room when entering and exiting. When using the awning, the Landing Pad remains shaded and comfortable.

PALOMINO WARRANTY

Palomino will stand behind our products 100%.
For complete details on our warranty program,
please see your Palomino dealer.

- 1 2-year fiberglass warranty
- 2 12-year Alpha Super Flex roof warranty
- 3 2-3 year warranty on appliances
(see manual for details)
- 4 1 year bumper to bumper warranty
- 5 An additional 1 year warranty available

Specification Definitions

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

UVW (Unloaded Vehicle Weight)* - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

*Estimated average based on standard build optional equipment.

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

** Estimated average based on standard build optional equipment

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities.

The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.
